

Frequently Asked Questions

1. Is it acceptable to submit project proposals via Email?
 - No. All submissions must be made through PFAN's Climate-Invest Management system. For additional questions regarding application please contact application@pfan.net.
2. I registered through the registration page, but I still cannot access PFAN's Climate-Invest Management system. What should I do?
 - Please go to climate-invest.fluxx.io and click on "Reset or create password". A new Email will be send out which allows you to re-enter a password and access your project application.
3. I created an account and new application in the PFAN's Climate-Invest Management system, but the application form cannot be submitted. What's wrong?
 - An application can only be submitted once the registration has been completed through the PFAN team. An information box on top of the application form will tell you the status of your registration process. It could take up to two working days to activate applicants' user account.
 - Please check that all mandatory fields are populated and that the project proposal document (MS Word) is attached to the application form in the system. For additional questions please contact application@pfan.net.
4. How is this PFAN Project Development and Financing Initiative for Climate & Clean Energy being organized?
 - This PFAN Project Development and Financing Initiative for Climate & Clean Energy is organised by a number of organisers as outlined in the PFAN Prospectus document.
 - All project applications will go through the initial assessment. The strongest contenders will be selected and inducted to the PFAN project development pipeline receiving mentorship support on refining their business plans and investment proposals. Once selected, participants will be allotted a dedicated PFAN Coach to receive coaching support. The coaching service is structured to meet project development requirements and all projects will get a chance for investment facilitation when the time is right.
5. How will mentoring / coaching support service be arranged and funded?
 - The needs of each qualifying project team will be reviewed with the organizers and an appropriate coaching package agreed.
 - The payment for these services will be made directly by the organizers to the provider / assigned coach. There is no cost to the project developer.

6. Are there guidelines for preparation of the Project Proposal/Business Plan/Presentation?
 - Yes. Please go to the link below for details:
http://pfan.net/resource_document/guidelines-template-for-preparation-of-an-initial-project-proposal-english/

7. Who is responsible for the team's expenses and traveling costs?
 - All costs for the preparation, submission and correspondence related to application and participation in the PFAN Project Development and Financing Initiative for Climate & Clean Energy will be at the respective project team's own expense.
 - Pre-agreed third party costs for coaching / mentoring will be covered by PFAN as outlined in 5.
 - Travel and accommodation costs for projects invited to attend the Project Development & Financing Workshop and the Financing Forum will be arranged by the organizers. Travel support can only be provided to project members (starting their journey) from within the respective region.

8. What are the benefits of participating in the PFAN Project Development and Financing Initiative for Climate & Clean Energy?
 - Once selected, all projects will be inducted into the PFAN development pipeline which gives them increased visibility and credibility for Investors.
 - Such projects receive ongoing expert support and advice on the development of their business plans and targeting of their investment pitch.
 - Once investor ready, selected projects are promoted through the PFAN Investor networks and considered for receiving investment facilitation support.
 - PFAN Coaches have significant experience in their markets and, in particular, providing financial advisory and capital raising for both new and existing companies.
 - Once selected, all participants will receive free expert guidance, as well as insight into the development and presentation of proposals / business plans that can capture the attention of prospective investors.
 - Participation in PFAN coaching programmes is proven to greatly enhance the chances of success and reaching financial closure at no risk / cost to the project developer.
